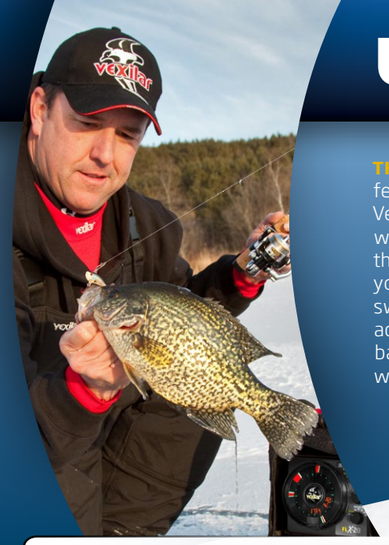
COMPLETE PRODUCT CATALOG 2014–2015

Ultra Pack FISHING SYSTEMS

The most impressive carry case system ever designed.



THE ULTRA PACK IS THE IDEAL NAME for the most feature packed ice fishing system ever offered by Vexilar. The Ultra Pack system's innovation begins with a 12 volt, 9 amp-hour battery enclosed inside the case, so you don't need to connect or disconnect your battery after each use. A master power switch powers up your unit, and optional power accessory posts can also be used for recharging battery. FL-20™, FL-18®, FL-12™ come standard with an FL Digital Depth Indicator.

The case comes with an adjustable rod holder, cable storage cleats, battery charger and even your own Vexilar tackle box! The super tough Ultra Pack will fit into a five gallon bucket. An optional soft pack carrying case is also available (SP0007–included with FLX-28). All Ultra Pack Systems are factory assembled and tested here in the USA.

TWO-YEAR Limited Extended Warranty AVAILABLE*

FLX-28™ Ultra Pack

UP28PV *with Pro-View Ice-Ducer® and SP0007 Soft Pack included (shown)*

FL-18® Ultra Pack

UP1812D *with 12° Ice-Ducer® (shown)*

UP18PVD *with Pro-View Ice-Ducer®*

UP2012D *with 12° Ice-Ducer®*

UP20PVD *with Pro-View Ice-Ducer® (shown)*

UC-100 *Ultra Pack case only with D-130 Battery Status Indicator (not shown–fits all FL-series Gimbal Flashers)*

FREE 2-DISC SET INCLUDED DVD — Product How-To — Ice Fishing Action

- FL-20, FL-18, FL-12 Ultra Packs include the Vexilar FL Digital Depth Indicator. (The FLX-28 has this functionality built-in.)

FL DIGITAL DEPTH INDICATOR

VEXILAR'S AMAZING DIGITAL DEPTH INDICATOR SYSTEM delivers both digital depth and battery status with a touch of a button. The FL Digital Depth Indicator will work on all Vexilar FL series of flashers, including older FL-8 models of Hondex, Si-tex and Micronar. Vexilar's FL Digital Depth Indicator gives anglers what they have been asking for, "Digital Depth!" Easy to install and requires no special tools. Comes standard on Ultra Pack and Pro Pack II Ice Fishing Systems (excluding FLX-28 systems).

DD-100 *FL Digital Depth Indicator*

- Tackle box holder with tackle box included.
- Transducer holder fits all sizes of Ice-Ducers.
- Super strong handle with float holder.
- Pre-drilled holes for optional accessories.
- High profile for easy access to controls and great display visibility.
- Cable storage and holding grips.
- Ultra Pack fits in five gallon bucket.
- Adjustable rod holder fits on either side.
- The patented Ice-Ducer® system is a self leveling transducer with float for accurate transducer positioning every time.
- An FL series flasher from Vexilar, the world leader in flasher sonar technology (FLX-28 shown).
- To highlight detail, the FLX-28 Ultra Pack is shown here without its soft pack. (Soft pack is included with the UP28PV only).
- Enclosed battery compartment with Vexilar 12 volt, 9 amp-hour battery. Includes the V-410 1 amp digital charger.

- Easy access external charging and accessory power posts.

- Pre-wired with easy-charge jack connector.
- Ice-Ducer® support eye-bolt has three pre-tapped mounting locations around base.
- Non-slip bottom.
- Master On/Off power switch.

*Standard two year limited warranty on all units. An additional two-year limited extended warranty is available. The battery is covered under a pro-rated performance guarantee. Failure to properly care for battery is not the responsibility of Vexilar. See your Vexilar owner's manual or go online for details.

Pro Pack II FISHING SYSTEMS

The most reliable sonar systems in the world!

VEXILAR'S MOST POPULAR winter fishing system is the Pro Pack II. This system offers great performance features in a super durable case with a built-in gimbal bracket to support your flasher. The Pro Pack II System is offered with the FLX-28™, FL-20™, FL-18®, FL-12™ units. Standard features include a rod holder, tackle box, universal transducer holder, FL Digital Depth Indicator (except FLX-18 and IP systems), cable holding cleats and a 12 Volt, 9 amp-hour battery with charger. The Pro Pack II has been designed to fit into a five gallon bucket, and has an optional soft pack carrying case available (SP0007–included with FLX-28). Each system is factory assembled and tested in the USA.

Genz Pack FISHING SYSTEMS

You'll never go fishing without your Vexilar again!

"I never go fishing without my Vexilar. My Genz Pack is ready to use right out of the box!"

Dave Genz *"Mr. Ice Fishing"*

YEARS IN THE MAKING, this classic design has been improved even more by ice fishing legend Dave Genz. Dave has made his "Blue Box" nearly indestructible so it will last for years of hard use. Genz redesigned the battery storage compartment and added a universal transducer holder system. The Blue Box can also accept the full line of Vexilar accessories like the T-130 or D-130 Battery Status Indictor, Vexilar FlexLight™ or even a Tri-Beam Ice-Ducer® transducer. The Blue Box fits on top of a five gallon bucket for easy access and handling while fishing. Available with the Vexilar FL-20™, FL-18®, FL-12™ or FL-8®SE, each Genz Pack combo comes with a 12 volt, 9 amp-hour battery with Vexilar V-410 automatic charger and Ice-Ducer® transducer with float.

FL-8®SE Genz Pack *(shown)*

FL-12™ Genz Pack *(shown)*

GP1212 *with 12° Ice-Ducer® and ProMount™*

- Pre-drilled holes for optional accessories.
- Easy access semi-enclosed battery compartment.

- Built-in transducer holder fits all sizes of Ice-Ducers.
- Available with FL-8SE (shown), FL-12, FL-18 or FL-20 unit.
- Large cable storage compartment.

TWO-YEAR Limited Extended Warranty AVAILABLE*

- The patented Ice-Ducer® system is a self leveling transducer with float for accurate transducer positioning every time.
- Pre-wired with easy-charge jack connector.

FREE 2-DISC SET INCLUDED DVD Product How-To Ice Fishing Action

BC-100 *Blue Box only (not shown–fits all FL-series Gimbal Flashers)*

- Specially designed base fits on top of a five gallon bucket.
- Pre-tapped transducer support eye-bolt hole.

*Standard two year limited warranty on all units. An additional two-year limited extended warranty is available. The battery is covered under a pro-rated performance guarantee. Failure to properly care for battery is not the responsibility of Vexilar. See your Vexilar owner's manual or go online for details.

LPS-1 HAND-HELD DEPTHFINDER *fishing • canoeing • diving*

THE LPS-1 IS SIMPLE TO USE. Just put it in the water, point and push the "ON" button. The depth or distance is digitally displayed for 10 seconds before automatically shutting off, with no risk of battery drain. A must for the outdoor enthusiast! Take the compact, lightweight LPS-1 wherever you go: fly-in trips, ice fishing, canoe trips, remote mountain lakes, float tubing, scuba diving and more. For fishing, simply touch it to the surface of the water. For ice fishing, the signal will shoot through clear ice! When diving, use it to check depths or distances to any object under water: reefs, sunken wrecks–even the distance to the surface. Waterproof down to 150'.

SPECIFICATIONS:

COLOR: Nautical Yellow **WEIGHT:** 7 oz. **LENGTH:** 7.75" **VOLTAGE:** 9 volt **MAX. DEPTH RANGE:** 200 feet

FL-series FLASHERS/FISH-FINDERS *Fish for days—not hours—using Vexilar's FL-Flasher technology with PST*

FLX-28™

THERE ARE MORE FEATURES TO THE FLX-28 series than ever before inside a single flasher sonar system. When fans of Vexilar say we could never improve the FL-8 that we introduced over twenty years ago, they were amazed when the FL-18 hit the ice in 2002. By the time the new flat screen FL-12 and FL-20 came out, Vexilar had established a new gold standard in flasher performance. Surely, Vexilar could not improve on this? Welcome to the age of the FLX series! A unique brushless data transfer design system allows for the creation of a breakthrough flasher display with digital depth and Auto Ranging technology. The features found in the FLX-28 read like the wish list of avid Ice Anglers starting with digital depth, Auto Range, two zoom zones, FIVE color palettes to select from for maximum visibility, five foot depth range adjustments starting at 10 feet, Maximum range of 300, Day and Night display brightness settings, Low power options for fishing in super shallow water, and a unique Weed Mode for better performance while fishing in weeds. And to top it all off, the unit even has its own Demo mode so you can show non-Vexilar fans how the system works with a lifelike fish catching simulation to watch. The FLX-28 is totally revolutionary in the world of winter flasher sonar technology. Vexilar has come a long way from the early FL-8, but has never changed their commitment to deliver the very best sonar systems in the world for over 50 years. Performance, quality, innovation and reliability–welcome to the amazing FLX-28.

FLX-28™ Flasher

FM2800 *Head Unit Only*

FL-20™

VERSATILITY IS THE KEY TO SUCCESS and the FL20 delivers! The FL-20 is designed to exceed all expectations. no matter what depths you fish, no matter what time of day. The ability to see bottom and even fish in thick weeds is possible with a built-in low power mode. The FL-20's sleek profile lets you see the display from farther away and from the sides and allows more than one angler to watch the display. With *two* Auto Zoom zone options, one for the zooming in on the bottom six feet and one for the bottom twelve feet, there is nowhere those bottom loving fish can hide. The amazing resolution of the Auto Zoom feature gives you the same display performance as fishing in only six or twelve feet of water, no matter how deep the water is! From the 300 foot max depth range to the night mode for easy viewing in low light conditions, nothing rivals the FL-20 for superior, multi-use performance, shallow or deep, day or night.

FL-20™ Flasher

FM2087 *with 12° Puck Transducer*
FM2084 *with 12° High Speed Transducer*
FM2023A *with 19° AlumaDucer®*

"Vexilar flashers started the modern-day ice fishing revolution."

Tom Zenanko
Host of *Ice Fishing Today* TV

Be sure to check out www.icefishingtoday.com

FL-18®

RELIABILITY AND GREAT PERFORMANCE in all weather conditions make the FL-18 a true winner with hard-core anglers. The FL-18 is the world's first flasher/fish finder with Auto Zoom and Bottom Lock. Auto Zoom allows you to closely examine the bottom six foot column of water. Bottom Lock for summer fishing allows you to stay locked in on the bottom regardless of the boat's motion. The FL-18 also has a built-in Low Power mode for fishing in shallow water or in thick weeds.

FL-18® Flasher

FM1887 *with 12° Puck Transducer*
FM1884 *with 12° High Speed Transducer*
FM1823A *with 19° Aluma-Ducer®*

FL-12™

THE STYLISH LOOK of the FL-12 with its streamlined, flat surface area delivers a larger display that won't trap rain or snow and increases the viewing angle by 50 percent. The simple to operate system only requires two control knobs. The FL-12 offers a 20' Low Power range setting option for use in super shallow water or thick weeds.

FL-12™ Flasher

FM1223 *with 19° Puck Transducer*
FM1244 *with 19° High Speed Transducer*
FM1223A *with 19° AlumaDucer®*

FL-8®SE

THE CLASSIC VEXILAR FLASHER is truly legendary. The world's most popular three-color sonar flasher, the FL-8SE is still one of the best all-around flasher/sonar designs. The hallmark three-color display shows weak targets in green, medium strength targets in orange and strong bottom targets in red.

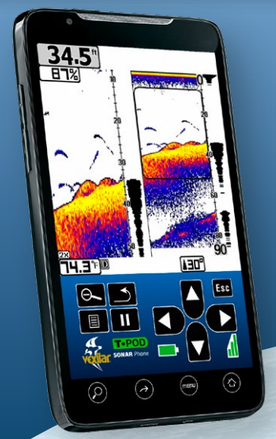
SONARPhone™ WiFi SONAR

HD sonar technology has come to smart phones and WiFi touch screen tablets



SONARPHONE™ creates its own hotspot anywhere in the world! Why pay for a touch screen monitor control when you already own one! Turn your tablet into a big screen, high resolution sonar system you can take anywhere! This is **not** a WiFi repeater system that gives you only an image of what your main sonar unit shows. **You** have complete control of your sonar. Features like zoom zones, split screen, color selection and even a keel offset is controlled by you on your touch screen display. Available with single and dual beam frequency transmitters. Cast it, troll it, or rig it permanently on your boat.

Fish-Scout® & FISHPhone™ UNDERWATER VIEWING SYSTEMS

THE FISH-SCOUT® DOUBLE VISION underwater viewing system and Vexilar FL-20™ Flasher sonar combo is the most advanced multi-perspective fishing system ever developed. Now you can use the very best underwater camera technology side by side with the very best flasher sonar in the world. There is no place the fish can hide. Take your Double Vision system with you everywhere so you are prepared for any fishing situation.

THE FISH-SCOUT® is a complete underwater viewing system that consists of a color camera with DTD sensors (depth, temperature and direction), 7" color LCD monitor, rigid carrying case with an enclosed 12 volt, 9 amp hour battery, D-130 battery status indicator (FS2000 only), 1 amp digital charger and soft pack carrying case. The system comes fully assembled and ready to use directly out of the box. This system is energy efficient and can run for over 9 hours on a single battery charge. Comes standard with a two year factory warranty.

- Waterproof camera to monitor connection.
- Enclosed battery compartment with Vexilar 12 volt, 9 amp-hour battery. Includes the fully automatic V-410, 1 amp charger.
- Durable soft pack carrying case with padded flap to protect monitor.
- ABS internal frame is tough and durable.
- System fits into a five gallon bucket.
- 7" water resistant, widescreen color LCD monitor.

- Double Vision available with FL-20™ flasher sonar and Ice-Ducer®.
- Includes Vexilar D-130 Battery Status Indicator.
- Master on/off power switch.
- Multi-chamber waterproof camera housing with two external super bright LED lights and internal directional lights. DTD models have depth, temperature and direction sensors.
- Includes independent, over-hole suspension arm for mounting camera away from the system.
- Adjustable support elbow arm for mounting camera near system.
- Easy store cable wrap pouch holds 80 feet of super thin cable on a spool with handle.
- Pre-wired with easy-charge jack connector.

DVR100

RECORD VIDEO AND STILL IMAGES from your Fish-Scout® camera. Attaches in seconds and uses the system's power–no extra batteries required.

- Output video to big screen
- Key fob wireless controller
- Requires MiniSD memory card (not included)

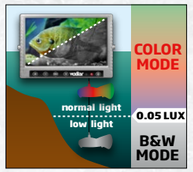
Monitor SPECS

- 7" 16:9 widescreen LCD color monitor
- a-SI TFT active matrix display
- Monitor resolution: 480 x 234 (W x H)
- Automatic light adjustment
- Superior cold weather performance with automatic monitor warming technology
- Auto backlight on controls
- Video Out option

Camera SPECS

- Sony Super HAD ¼" CCD color/black and white camera (FS800: CMOS color/b&w camera)
- Auto Gain control
- Lux: Color 0.05 / B&W 0.02 (FS800: Color 0.5 / B&W 0.2)
- 90 degree viewing angle
- 420 lines of resolution
- Cable Length 80 feet (FS800: 50 feet)
- Depth marked every 5 feet of cable on non-DTD models (FS800: every foot)



Camera automatically switches between color and b&w

FP100 FISHPHONE™ WiFi UNDERWATER CAMERA

TURN YOUR SMART PHONE or tablet into a high resolution underwater camera. FISHPHONE includes 50 feet of cable, color/black & white camera, 12 volt rechargeable battery, charger, durable carry case, T-Box WiFi transmitter system and a free neoprene armband to hold your smart phone while fishing or boating.

Smartphone/tablet not included

- Compatibility: iOS 4.3 (iPhone, iPad) and Android 2.0
- Free app download
- CMOS Color/B&W Camera
- 50 feet lightweight cable
- One Year Vexilar Warranty
- 300 ft transmit Range Via Wi-Fi
- 12 volt, 4.5 amp hour battery and charger
- Six hour run time per charge
- Records still images and live video
- Rigid case holds cable and battery, and provides camera suspension arm
- Full spectrum light level controls

Cold-Snap® OUTERWEAR *Looking good and staying warm this winter.*

Cold-Snap® Parka

- Available in sizes: S–5XL
- Oversized wind protection fleece collar
- Wind and water resistant 300D nylon shell and lining is 240 gram warm polar fleece
- Two large mesh pockets with Velcro closure, plus inside cell phone or iPod pocket
- Four D-ring hooks for clipping on accessories allow quick, easy access
- 15 total pockets
- Extra length and drop tail for maximum coverage
- Custom detachable zipper/ snap oversize hood with cinch cords and built-in brim
- Hanger loop on inside and outside of jacket
- Safety whistle with dedicated pocket
- Reflective tape on back of hood and top pocket flaps for added visibility
- Four large front exterior cargo pockets
- Two easy entry lower front polar fleece lined slash pockets
- Inside rib knit storm cuff with adjustable Velcro on outer shell cuff
- Drawstring interior waist cord to create a warm seal and comfort fit

Visit www.vexilar.com to order Cold-Snap® apparel and Vexilar accessories.

Cold-Snap® Bibs

- Wind and water resistant 300D nylon shell
- Bibs come up to mid-high back and to chest area for warmth
- Extra wide belt with over-sized buckle snap
- Full front chest double YKK zipper
- Two embroidered Vexilar logos
- Reflective safety tape piping along side of zippers
- Long side super heavy duty YKK zipper for easy boot access
- Extra wide adjustable straps with large buckle snaps
- Reinforced stitching on back of straps
- Inside bib, fleece lined pocket
- Two slash front zipper access slots for access to interior valuables
- Two large front cargo pockets
- Full side flap features weather resistant rain gutter over leg zipper with Velcro for extra protection
- Reinforced, waterproof padded knee pads
- Super large Velcro ankle cuffs

TK-187 (FL-8/18) **TK-287** (FL-12/20/22) w/ 12° Puck Transducer

TK-144 & TK-184 **TK-244 & TK-284**

FL SERIES TRANSOM MOUNT KIT
This kit makes it easy to transform your Vexilar Ice Pack system for open water use. Includes transducer, gimbal bracket and power cord (25' cable).
TK-144 (FL-8/18) **TK-244** (FL-12/20/22) w/ 19° High-Speed Transducer
TK-184 (FL-8/18) **TK-284** (FL-12/20/22) w/ 12° High-Speed Transducer

DEPTHERM®
104 Quickly and accurately shows what the temperature is below your boat. You'll also know the maximum depth it is dropped down to. Comes with a fish species preferred temperature chart.

BATTERY STATUS INDICATOR
D-130 gives a digital readout on battery status during discharge. Works on any 12 volt system and is easily mounted in all Vexilar case systems. Durable and waterproof.

PCDCA1 **PCDCA4**

12V DC ADAPTERS
Run your FL-series flashers directly from the 12 volt power supply of your truck, ATV or snowmobile.
PCDCA1 DC adapter power cord for FL-8 & FL-18
PCDCA4 DC adapter power cord for FL-12 & FL-20

V-410 **V-120**

BATTERY AND CHARGER
V-410 1 amp digital automatic charger with standby mode—will not overcharge your battery
V-120 12 volt, 9 amp-hour battery with V-410 charger
The V-120 battery is covered under a pro-rated performance guarantee. Failure to properly care for battery is not the responsibility of Vexilar. See Vexilar.com for specifics.

unit 2.6" wide
